

LALLY LOCK COLUMN

Made By Portland Stone Ware Co.

Lally Lock Springfield Plate

Specification Sheet

Item Code:
BULL01

Packaging:

Up to 10 each per a box.

Dimensions:

6" x 8" x 1/4" thick ASTM A36 plate.

Connection to Column:

At the center of the plate is the patented design hole for attaching the plate to any diameter Lally Lock Column with the provided bolt. The plate and column become lock together.

Fastening Options:

6 fastening holes are on either side of the center hole which provides options for dimensional and LVL beams in the field instead of pre-ordering specific size plates. The fastener holes are 7/16" diameter and holes are about 1/2" apart.

Included Hardware:

5/16 GRK screws are provided with the plate allowing structural fastening and low effort installation.

Benefits:

The Lally Lock Springfield plate connects to different diameter Lally Lock Columns and doesn't need welding in the field.
